Legal Department 20B0

DATE: March 18, 1985

TO: Peng Tan, 28B

SUBJECT: Release

This memo is in response to your request of March 7, 1985 for releases to two developments which have been disclosed in accordance with your Employment Agreement. The first development (identified as HP Patent Disclosure 8500-003) relates to a liquid crystal hot spot detection method. The second development (identified as HP Patent Disclosure 8500-004) relates to a fixture for the B and G Jet Etch System.

Hewlett-Packard Company hereby releases to you any right it may have in the subject matter disclosed in HP Patent Disclosures 8500-003 and 8500-004, subject to the retention by Hewlett-Packard Company for itself, its affiliates, subsidiaries and licensees of a royalty-free, irrevocable, world-wide non-exclusive license to make, have made, use, sell and otherwise dispose of any apparatus or method embodying any part of these developments or any inventions therein.

If all of the foregoing provisions are acceptable to you, please sign and date the accompanying copy of this memo and return it to me for our files.

HEWLETT-PACKARD COMPANY

## INFORMATION ON HOW TO EFFECT DRAWING CHANGES

### 1. **Correction of Informalities** (Draftsman's objection on PTO-948)

In order to correct any informalities in the drawings, applicant **MUST** comply with options (a) or (b) below. Failure to do so will result in **ABANDONMENT** of the application.

a) File new drawings with the changes incorporated therein. The art unit number, serial number and number of drawing sheets should be written on the reverse side of the drawings. Applicant may delay filing of the new drawings until receipt of the "Notice of Allowability" (PTOL-37). If delayed, the new drawings **MUST** be filed within the THREE MONTH shortened statutory period set for response in the "Notice of Allowability" (PTOL-37). Extensions of time may be obtained under the provisions of 37 CFR 1.136(a). The drawings should be filed as a separate paper with a transmittal letter addressed to the Official Draftsman.

b) Request a commercial bonded drafting firm to make the necessary corrections.

**A BONDED DRAFTSMAN MUST BE AUTHORIZED, THE CORRECTIONS EXECUTED AND THE CORRECTED DRAWINGS RETURNED TO THE OFFICE DURING THE THREE MONTH SHORTENED STATUTORY PERIOD SET FOR RESPONSE IN THE "NOTICE OF ALLOWABILITY" (PTOL-37). EXTENSIONS OF TIME MAY BE OBTAINED UNDER THE PROVISIONS OF 37 CFR 1.136(a).**

### 2. **Corrections other than Informalities Noted by the Draftsman on the PTO-948**

All changes to the drawings, other than informalities noted by the Draftsman, **MUST** be made in the same manner as above except that, normally, a red ink sketch of the changes to be incorporated into the new drawings **MUST** be approved by the examiner before the application will be allowed. No changes will be permitted to be made, other than correction of informalities, unless the examiner has approved the proposed changes.

### 3. **Timing of Corrections**

Applicant is required to submit **acceptable** corrected drawings within the three month shortened statutory period set in the "Notice of Allowability" (PTOL-37). Within that three month period, two weeks should be allowed for review by the Office of the correction. If a correction is determined to be unacceptable by the Office, applicant must arrange to have an acceptable correction re-submitted within the original three month period to avoid the necessity of obtaining an extension of time and of paying the extension fee. Therefore, applicant should file corrected drawings as soon as possible.
